

British Science Week

Next Week, we will be celebrating British Science Week.

You will all be taking part in investigations in your classes to find the best biscuit to dunk.

To end the week, our Science Ambassadors will be running a Super Science Quiz at the end of the term. Prizes will be given for the winning classes.

For a home challenge we want you to take a Science Selfie.

We want you to take selfies of yourself outside of school doing anything *science related* please ask your grown up to tweet them to @RimroseHope and use the #scienceselfie #ScienceAtRimrose

Remember - Science is everywhere!

You might take a picture of yourself and an adult: baking; making slime; exploring nature; observing the world; looking after a pet; carrying out an investigation or reading all about a scientist for example.

Everyone who enters our Science Selfie home challenge will be entered into our raffle for a **Super Science Prize!**

We will pick our winner on the final day of half term.

All entries need to be tweeted by **Thursday 27th March.**

We hope you enjoy our Super Science Week,
The Science Ambassadors and Miss Jones
